SUPPORT a critical mission

COSI is a trusted educational resource, a cherished local tradition and regional highlight. We rely on the generosity of people like you to sustain the important work of encouraging science literacy, advancing STEAM workforce development and providing broad access to STEAM learning for everyone: all ages, all backgrounds, all abilities. Your support makes possible COSI's day-to-day interactive science education and engaging programs like The PLATFORM, Color of Science, Learning Lunchboxes and Dr. B in 3 to name just a few.

Whether it is to network with fellow philanthropists, boost your brand reputation, encourage others to get involved, or entertain clients, employees or friends with your sponsorship benefits, your support is critical to inspiring the next generation of innovators.
